Memorial Trees, Plaques and Benches

A memory for loved ones in the heart of our City.

Corner Brook Stream
Development Corporation

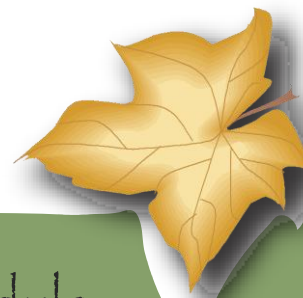

Our Organization

The Corner Brook Stream Development Corporation (CBSDC) is a non-profit, community oriented development agency with the mandate to develop and maintain a public walking trail system within and adjacent to the Corner Brook Stream corridor with due regard to protection and conservation of the environment. The network started with a few trails within the heart of the city, and has expanded over time to the outlying wilderness sections of the stream.

The Memorial Program

As a non-profit charitable organization, fundraising is key to the sustainability of the organization and the trail system. The memorial donation program enables individuals and groups to memorialize veterans, colleagues and loved ones by means of purchasing infrastructure such as benches, plaques, bricks, and trees. Your gift to honour a loved one will also enable the organization to set developmental costs associated with the beautification of the trail system and thus our community.

We thank-you for your support!
